

MISS DAVIS TO WED OCTOBER 18; COMING BRIDES HONOR GUESTS

By RUTH MONRO AUGER.

WEDDING invitations are out today for the marriage ceremony of Miss Olivia Southwick Davis, to Charles Webster Simpkins, which will be performed in the church of St. Clement, at 8 o'clock, Wednesday evening, October 18.

The wedding will be a very quiet one, but pretty and bride, Miss Davis will be attended by her sister, Miss Hazel Davis, as maid of honor and her

bridesmaids will be Misses Janet Fall, Helen Stratton, Emily Kemp and Estelle Berrien. Little Virginia Orndorff, the niece of the bride, will be the flower girl.

The groom will bring his best man with him from New York city. Miss Henrietta Buckner will sing at the wedding service. There will be no reception.

Mr. Simpkins and his bride will leave for New York, where they will make their home at 427 74th street, Brooklyn.

The bride is a daughter of Mr. and Mrs. Martin Benjamin Davis. She is a very popular member of El Paso's social world and has represented this city at the Durango and El Paso at the annual Battle of Flowers in the San Jacinto fiesta at San Antonio a number of times.

On the count of a recent bereavement in the family, Miss Davis is not allowing any of her friends to entertain for her prior to her marriage.

THE SUNRISE

I often watch the play of the sunrise on the hill beside my house.

A little before five, I can just make out the outlines, but all is grey and dull and cold.

Just before six a beautiful pink glow creeps along and the sun is all of a sudden there.

Then there is another change and at seven there is the glare of full light which is so bright and makes you shade your eyes.

The progress of belief comes into my mind as I watch. In the first stage of thought there is doubt, no doubt there is what we believe, all is misty, vague and dark—enveloping gloom.

If we think on and on we gain a new outlook. We build up a new faith, larger, broader, greater and more than the old, and life is as though suffused with the rosy light of dawn.

If, however, we then become confident, sure and dogmatic, then follows the harsh glare of noon. A sure and certain light is not attractive. We don't care for one who knows everything.

Good Old Home-Made Family Cough Remedy

Much Better than the Ready-Made Kind—Easily and Cheaply Prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare.

Get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents and gives you a full pint of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and beats the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently and easily that it is really astonishing. A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, combined with guaiacol and has been used for generations to break up severe coughs.

To avoid disappointment, be sure to ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

The GOSSIP CORNER

By RUTH MONRO AUGER.

Of course we all always knew that Virginia Bean was a genius and a real wonder, but the fact that the best musical critics in New York city united and proclaimed her as a most exceptionally gifted violinist is mighty gratifying to her friends, and El Paso should consider itself mighty lucky that the ties of home and father brought this brilliant girl back here, when so many tempting inducements were offered her to remain permanently in New York. Every week during her stay in New York, she was given most flattering comments in the Musical Courier, which is devoted to musicians and their work. That she would surpass Maud Powell as a performer was freely predicted. The music critic, Schrodick, gave her splendid tone production unlimited praise and particularly was enthusiastic over her magnetic personality and the depth of soul that she put into her playing. With all these things, it is really astonishing. A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.
